

Vacation.com's Custom SIREV Booking Tool

Vacation.com is pleased to offer a customized Vacation.com version of SIREV, the proven leader in the marketplace, for our valued Canadian members. Through our partnership, we are able to bring SIREV to you under very attractive terms.

Members are able to access this booking engine through our members only web-site, AgentNet/CanadaNet, allowing you to search, price, compare and book FITs, ITCs, cars, insurance, hotels, Webfares and more, all in one easy to use tool.

SIREV features:

- Vacation packages and charter flights from all the major Canadian Tour Operators, both ITC and FIT
- Accessibility from anywhere an internet connection is available 24/7
- Advanced display functions featuring side by side comparison of packages and flights on a single screen
- Direct interface into your PC-Voyage™ / Travelworks™ and GBO accounting system
- Vivid pictures and detailed descriptions of packages by participating tour operators

Through the purchasing power of our Canadian network, you can utilize SIREV for free and commit to a much lower booking volume than offered in the general marketplace.
